***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 21-23 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Linnemann (UK 2014034).

Linnemann shows a shoe comprising an upper (14), and outsole (1) with a barrier wall (2), and outsole wall (4), an insole/lining (10), and a sealant/cement (page 1 lines 95-100) as claimed.

***Response to Arguments***

3. Applicant's arguments filed 4/7/06 have been fully considered but they are not persuasive.

In response to applicants' arguments, Linneman clearly teaches adhesively attaching a portion of the upper to the upstanding edge of the sole (see lines 95-100) before stitching and since the stitching area (shown at 8 and 9) is clearly shown as being laterally placed and perpendicular to the upstanding edge (2) as shown in figures 3-6 and 8-10, an upper attached as described in the specification would inherently have a bottom portion that is perpendicular to a bottom edge of the upper as claimed.

In response to applicants' arguments directed towards the method, it is noted that the claims are not directed towards a method and therefore these arguments are moot.

**Conclusion**

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
